

LA BIOMED/ Options for Recovery

Do you know someone young, pregnant, and struggling with addiction?

LA BIOMED/ Options for Recovery offers an intensive, innovative, and comprehensive chemical dependency treatment program designed especially for substance-abusing women who are pregnant or parenting and their children.

Specific to women clients and their children and features a non-judgmental and nurturing atmosphere, a coordinated and inter-disciplinary approach, a multi-ethnic staff, and an emphasis on long-term follow-up and support.
